Beta Communications was formed by Bob Monroe, that's why the first set of icons were made using it's former logo. This set includes 2 versions of web and 2 versions of mobile icons. Everything is well designed to fit in every part of your computer, mobile device or web browser. Using icons in combination with the web color scheme you can design almost anything. It may happen that the application icon provided is not working. In that case try to replace icons using different

communication options for instant messaging:
IM - Instant Messenger EMO - Emoticon SN -
Smiley Add/Remove - Keyboards Images are
stored in PNG format and are available for
free in all sizes from 16x16 to 256x256 pixels
and in SFX file format, as well as one file
folder which can contain all the icons Icons.
You are going to find here the largest and
greatest icon collection related to
communications including standard functions
for instant messaging software, they make a
great method of presenting information to
other users trough programs, softwares or

websites. Helpful icons to enrich your applications and show emotions, status, active groups, backgrounds, conversation, font color and much more. This icon set makes much easier to say what you want to say putting in graphics along with expressions, emoticons and smiles. This set of icons totally overcomes other communication icons, including standard options related with communication softwares, giving you the best way of express feelings and emotions. Give your projects a professional look using the Beta communications Stock Icons collection. Beta
